

Curriculum Overview - Spanish

The Spanish department aims to equip pupils with the key skills to enable them to be effective communicators in the Spanish Language. We seek to teach them an appreciation of Spanish and Hispanic culture and to enable them to express their opinions and thoughts across a wide range of topics which are pertinent to young people in today's global society. Pupils will gain knowledge of the grammatical building blocks of the language and will use these across the four skills of reading, writing, speaking and listening to form sentences, statements, paragraphs and essays.
