At KS3 the department follows the secondary strategy using a variety of resources to deliver the curriculum. The team will be developing new resources to meet the needs of the more rigorous assessment system, and expect that the new member of the team will be able to contribute to the introduction of the new scheme.

At KS4 the department follows the Edexcel specification. The maths team have well established intervention strategies in place and the department strives to find new ways to engage and motivate pupils within years 10 and 11.
